

**FASS-PH ONLINE SYSTEM  
IS NOT AVAILABLE  
FOR PHAs with 9/30/03 Fiscal Year Ending**

**The FASS on-line system is currently undergoing computer system enhancements and will be back on-line November 17, 2003. PHAs with a fiscal year ending September 30, 2003, will be temporarily detained from creating and submitting their unaudited financial submissions until that time. This temporary situation also applies to submissions created using the FASS-PH XML interface. *(PHAs submitting their June 30, 2003 and prior submissions will not be affected).***

**The Department regrets any inconvenience this may cause, but is confident that all PHAs appreciate the need for periodic computer maintenance and improvements.**

**As PHAs with a FYE of September 30, 2003 are required to submit their unaudited financial submissions by November 30, 2003, we strongly encourage that you utilize this opportunity to prepare your data and have your information ready for input by November 17, 2003. If you use a fee accountant, we recommend that you advise them of this circumstance as soon as possible.**

**The Real Estate Assessment Center is confident that the system will be able to manage the unaudited data submitted on and after November 17, 2003, in order for all PHAs to meet the November 30, 2003 due date.**

**If you have any questions, please call Nicholas Miele at (202) 708-4932 Ext 3262**
